

# M.E.G

Information Booklet

# Introduction

Welcome to the MEG Backrooms Mission presentation. In this presentation, we will learn about the MEG operatives and their mission to help wanderers escape from the endless maze of rooms known as the Backrooms.

# Exploration

One such level recently explored by M.E.G. operatives was Level 9. The team encountered several hostile entities, including skin stealers and hounds, but was able to map out the area and identify several potential exits.

# Collaboration

The M.E.G. often collaborates with other groups within the Backrooms, such as the Cartographers and the Seekers, to exchange information and increase the chances of successfully navigating the labyrinth.

# Innovation

- To aid in the mission of helping Wanderers escape, the M.E.G. constantly seeks new and innovative ways to explore the Backrooms, such as using drones and advanced mapping technologies.

## Emergency Response:

In the event of a crisis or emergency, the M.E.G. has established protocols to swiftly respond and assist Wanderers in danger, such as setting up safe zones or dispatching rescue teams.

## Success

Thanks to the efforts of the M.E.G., many Wanderers have successfully escaped the Backrooms, bringing hope to those still trapped in this endless maze of rooms.

# Conclusion

We hope you have enjoyed learning about the MEG Backrooms Mission. Remember that if you or someone you know is trapped in the Backrooms, the M.E.G. is here to help. Together, we can navigate this labyrinth and find a way out. Thank you for your attention.
